

### Nicola Biscaglia

ISOA  
Principal, Consulting Actuary

#### CURRENT RESPONSIBILITY

Nicola is a principal and consulting actuary with the Milan office of Milliman. He manages the Property and Casualty consulting practice. He joined the firm in 2007.

#### EXPERIENCE

Nicola specializes in property and casualty insurance. Nicola has extensive experience in pricing and ratemaking, reserve review, Solvency II, reinsurance, predictive analytics and M&A projects.

He has worked on many projects in Italy and abroad, including many CEE countries.

Before joining Milliman, Nicola worked for a leading Italian non-life bancassurance, becoming chief actuary and covering the appointed actuary role.

He also spent more than three years as senior manager at Deloitte Consulting, where he led the non-life actuarial team in Italy.

#### PRESENTATIONS AND PUBLICATIONS

Nicola has authored papers and articles on reserving topics, including stochastic methods and Solvency II, predictive analytics and CAT risk.

#### PROFESSIONAL DESIGNATIONS

- Member, National Order of Actuaries, Italy
- Member, Institute of Actuaries, Italy

#### EDUCATION

BSc, Actuarial Science and Statistics,  
University of Rome "La Sapienza," Italy.
