

### Tatyana Malinina

ASA, MAAA

Associate Actuary

#### CURRENT RESPONSIBILITY

Tatyana Malinina is an associate actuary with the Denver Health Practice of Milliman. She joined the firm in May 2013.

#### EXPERIENCE

Tatyana's recent work includes actuarial support for small health plans participating in the ACA market. Tatyana has experience in developing ACA plan pricing and rate filing, benchmarking, reserve calculations, annual statements of actuarial opinion, network analysis, risk adjustment calculations, and other core actuarial functions in the commercial market.

Product development has recently been a focus for Tatyana, where she helps design and create client-facing tools used for large group and dental rating, contract printing, and rate comparisons.

Tatyana has obtained Associateship in the Society of Actuaries and is studying to achieve Fellowship.

#### PROFESSIONAL DESIGNATIONS

- Associate, Society of Actuaries
- Member, American Academy of Actuaries

#### EDUCATION

B.A. in Economics with Quantitative Emphasis, Applied Mathematics minor, Actuarial Studies Certificate, University of Colorado at Boulder
