

Robert C. Nommensen

Principal and Managing Director, IntelliScript

CURRENT RESPONSIBILITY

Bob is a principal with the Milwaukee office of Milliman and is managing director of Milliman IntelliScript. His business provides online prescription histories and related risk management software tools to insurance companies.

EXPERIENCE

Bob joined the firm when Milliman acquired IntelRx in 2005. He had been an IntelRx partner since 2003 and was responsible primarily for marketing and sales. Prior to IntelRx, Bob founded Infotrust in 1994 and along with Mark Franzen built the company as a healthcare and information technology services business. Prior to his entrepreneurial experiences, Bob worked in sales with IBM, management consulting with Ernst & Young, and operations and information systems with Abbott Laboratories.

EDUCATION

- MBA, Kellogg School of Management, Northwestern University
- B.S., Industrial Engineering, Purdue University
